

BDO FINANCIAL SERVICES EMERGING TECHNOLOGY

RESPONDING TO GUIDANCE NOTE 2/2021

The exponential change of Emerging Technology provides new and exciting ways of working, however, it introduces a unique set of risks. At BDO, we have developed detailed risk frameworks by incorporating deep technical specialists, IT risk professionals and chartered accountants.

Are you an innovator, early adopter, early majority, late majority or laggard? We offer the following solutions which can be tailored to your specific needs:

2 HOUR TRAINING FOR NED'S & BRANCH EXECUTIVE MANAGEMENT

- ▶ Local and global emerging technology landscape
- ▶ Use cases within banking
- ▶ Governance and risk management
- ▶ Cyber security risk
- ▶ SAFEST framework

7 HOUR TRAINING FOR EXECUTIVE MANAGEMENT

- ▶ Local and global emerging technology landscape
- ▶ Use cases within banking
- ▶ Governance and risk management
- ▶ Cyber security risk
- ▶ Third party risk
- ▶ Fintech risk management
- ▶ Business continuity
- ▶ SAFEST framework

WHY BDO

- ▶ BDO have previously trained a regulator on Guidance Note 2/2020
- ▶ Deeply skilled banking technology team at the forefront of emerging technology risk
- ▶ Practical experience working with emerging technology
- ▶ We know the FinTech business
- ▶ Deep banking experience
- ▶ We have developed a proprietary emerging technology risk frameworks in the absence of formal guidance
